
KRASNOW INSTITUTE SUMMER SEMINAR
SERIES

Translational Research and Rehabilitation
Science: Contributors for Success

SPEAKER: Lynn Gerber
University Professor of Rehabilitation Science
Director of the Center for Study of Chronic Illness and
Disability, College of Health and Human Services

DATE: Thursday, June 7th, 2012

TIME: 11 AM

LOCATION: Lecture Room (Room 229)
Krasnow Institute Building

The Translational Research in Action summer seminar series will focus on the path from scientific discovery to clinical implementation. The series highlights research collaborations between Mason and INOVA and provides a forum for exchanging ideas about translational research at GMU.
