

# GALILEO'S SCIENCE CAFÉ

*Science Night at Mason is for Everyone!*

*January 12, 2017*

## **It's not Science Fiction: Brain Computer Interfaces**

**Learn from a scientific expert and wounded warrior how brain computer interfaces can revolutionize the way that individuals with disabilities can go about their everyday lives.**

**Scientists are using the electrical properties of nerves, in conjunction with the power of modern computers, to develop life-altering innovative technologies.**

***Presented by:* Nathalia Peixoto, PhD**

Associate Professor, Electrical and Computer Engineering

***Opening Remarks by:* Jason Sturm**

U.S. Army Veteran & Owner, Old Glory Gym

*Hylton Performing Arts Center, 7:00pm-8:30pm*

*RSVP at: [capmm.gmu.edu/galileo-sciencecafe](http://capmm.gmu.edu/galileo-sciencecafe)*
