

BIOENGINEERING

Spring 2017 Seminars

Dr. Samuel Sia

“Microfluidics for 3D Tissue Engineering and Personal Health Diagnostics”

March 23

Research Hall,
163

11:30am-12:30pm

Dr. Tsung-Ting Kao

“Improving Interoperability of Cross-Institutional Clinical Research Data Analysis Using Machine Learning, Blockchain Technology, and Natural Language Processing”

March 30

Research Hall,
163

11:30am-12:30pm

Dr. Rene Olivares-Navarrete

Virginia Commonwealth University

April 13

Research Hall,
163

11:30am-12:30pm
