

The Association for Preservation Technology
Washington DC Chapter
Founders Fund Award Program

**DEADLINE EXTENSION FOR THE 2019
EMERGING PROFESSIONAL SPONSORSHIP PROGRAM**

APT DC is pleased to announce its annual **Emerging Professional Sponsorship Program**. As a celebration of the 20th year offering this program, APT DC is offering a stipend for two active APT DC members who are recent graduates to attend either the annual APTI conference or PTN workshop. As part of its mission, APT DC supports emerging professionals that specialize in historic preservation or one of its affiliated fields - architecture, architectural or materials conservation, architectural history/research, construction, construction management, engineering, interiors, landscape architecture, or planning.

Sponsorships are being offered for:

**PRESERVATION TRADES NETWORK
IPTW | September 5-7, 2019 | Stirling, Scotland**
www.ptn.org

**ASSOCIATION FOR PRESERVATION TECHNOLOGY
INTERNATIONAL CONFERENCE**
Gateway to the Hemisphere | November 19-23, 2019 | Miami, Florida
www.apti.org

Award: Two applicant(s) will be selected to attend either the APTI Conference in Miami, Florida or the International Preservation Trades Workshop in Stirling, Scotland. Awarded applicants will receive full registration, and coverage for airfare, ground transportation, lodging, and a food stipend while in attendance at the conference.

Eligible Persons: Those who have completed an undergraduate degree, graduate degree, or other certified training program within the past five years in a preservation-related field and are currently working in that field. The selected applicant for IPTW must have a valid passport. **All applicants must be APT DC members with dues paid as of June 30, 2019.**

Applications will be due by June 30, 2019 with selections made by August 1, 2019.
Please visit www.aptdc.org/EmergingProfessionals to apply.

Please contact **Committee Chair Jean Stoll** at eps@aptdc.org if you are interested in being an application judge or have any other questions about the application process.
