Katona Scholarship Application

The Katona Scholarship for Excellence in Bioengineering is available to rising seniors with a declared major in Bioengineering at George Mason University. This Scholarship is open to Bioengineering students pursuing any concentration within the degree program. Students selected for the scholarship have demonstrated strong academic performance, professional leadership within the university or outside, and exceptional promise for a successful bioengineering career that would benefit society. Selection of the scholarship awardee may be based entirely on merit, however, a compelling financial need will also be considered. The annual Katona Scholarship award levels may vary from year-to-year but it is expected to be no less than \$2,000.00

To be considered, interested students should complete this form and submit it electronically to Ms. Claudia Borke (cborke@gmu.edu) or in hardcopy to the Bioengineering office (3100, Peterson Hall) by **no later than Sunday September 15th, 2019 @ 5:00pm.**

Name: _____ Mason email address: _____

Signature: _____ Date: _____

Current cumulative GPA: _____

Undergraduate major(s): _____ BioE Concentration: _____

Number of college credits earned to date: _____

Expected date(s) to earn baccalaureate degree(s): _____

Names of (at most) two bioengineering faculty references: _____

On no more than two additional pages, address the following points:

1. Examples of leadership
2. Example(s) of any involvement in professional activities outside the classroom, and how these activities might have influenced your career interests
3. Goals and plans for your senior year
4. Short-term and long-term career goals following graduation
5. Other factors you want the selection committee to know about you and the potential impact of this scholarship on you and your career.
