With the North Atlantic Treaty Organization's role in the world under pressure in recent days, have you wondered how it would respond in a crisis situation? Join CSPA for its Spring Crisis Simulation and put yourself in the driver's seat as you help manage an escalating crisis involving NATO members. Participants will be assigned to different country teams and will work together to bring an end to the crisis through diplomatic or military means. More information will be provided closer to the event date.

Space is extremely LIMITED and will be capped at 40 participants, so register as soon as possible to ensure a seat at the table. The final day to register for the event is March 21st. A light breakfast will be served before the simulation, with a lunch served at the conclusion of the event.

PLEASE READ – ELIGIBILITY RESTRICTIONS: To participate in this event you **MUST** be a George Mason University student. If you register for this event using any e-mail domain other than gmU.edu (or masonlive.gmu.edu), your order will be cancelled, and you will lose your reservation.
