

THE UNIVERSITY OF SOUTH ALABAMA COLLEGE OF ENGINEERING invites applications for a tenure track faculty position in Systems Engineering beginning August 15, 2021. The appointment may be at the Assistant or Associate professor level depending upon qualifications. Responsibilities will consist primarily of teaching systems engineering courses at the graduate level and advancing research in your field of interest. The successful candidate will be required to build and sustain a research enterprise that advances intellectual contributions to the systems engineering community, supervise graduate theses and dissertations, perform service at the college and university levels, and actively participating in continuing efforts to improve the college's education mission.

Minimum qualifications: PhD in Systems Engineering or closely related discipline and the ability to work effectively with full-time and part-time graduate students.

Review of applications will begin immediately and will continue until the position is filled. The College has ABET accredited undergraduate programs in chemical, civil, computer, electrical, and mechanical engineering as well as master's degree programs in each department including systems engineering. The College also has a vibrant and diversified systems engineering PhD program.

A job posting and application process can be found on the university website at <https://www.southalabama.edu/departments/academicaffairs/facultyposition.html#engineering>. Applicants must be eligible to work in the U.S. The University of South Alabama is an EO/AA employers and does not discriminate on the basis of race, color, national origin, sex (including pregnancy, sexual orientation, gender identity and gender expression), religion, age, genetic information, disability, or protected veteran status.

Application Process

Please submit the following via email to rgirardeau@southalabama.edu in a single PDF file:

- Curriculum vitae
- Statement of teaching philosophy
- Three original letters of recommendation
- Copies of up to three representative publications or scholarly work
- Biographical Data Form (https://www.southalabama.edu/departments/eforms/academicaffairs/biographical_data_for_mrevised_012020.pdf)
- Copies of transcripts from all institutions of higher learning from which a degree was received

Alternatively, the above material may be sent via regular mail to the following address:

*Dr. John M. Usher
Dean, College of Engineering, University of South Alabama
150 Student Services Drive, Shelby Hall 2114
Mobile, AL 36688-0002*

Candidates who are called for interview on campus will be required to submit originals of the Biographical Data Form, USA Faculty Consent Form, and official transcripts. For the candidate who is offered employment, proof of U.S. Citizenship or other authorization to work in the United States will be required within three (3) days after employment.
