## Webinar Series

## Fred Gray on Racial Justice and Health Disparities

Civil Rights leader, Fred Gray, delivered an inspirational lecture on racial justice and health disparities at the 2020 BMES Virtual Meeting.

Gray described how he's approached racial injustice throughout his career and told attendees, "You see the problem. You recognize the problem. Use all of the knowledge and experience you have. Talk to other people about it, and go and solve it."

In case you missed his live presentation, or want to watch it again, tune in for his webinar on **February 10th, 2PM EST.**

We invite you to submit webinar abstracts on webinars you wish to see produced. There are two new tracks you can submit to, depending on the content you would like to share; education and industry.

If your webinar topic is selected, you will receive an email to discuss planning and production details. If you have questions about submitting a webinar, please reach out to [ryan@bmes.org](mailto:ryan@bmes.org).
